

TCS NEWS

Week 16
JAN 26

Items of Note:

Curriculum Cafe

Our next curriculum café is due to take place on Friday 13th February at 9.15am-11.00am. The focus this term will be Cooking and Maths. If you plan on attending, please complete the following MS form: [Cooking and Maths Curriculum Cafe-Friday 13th February 2026 – Fill in](#)

TCS this past week:

Watson – Have been learning about multiplication in Maths and practising their times tables.

Tajiri – Have started a new reward system. Good actions are rewarded with a star, if they get 10 stars, they get a mini mystery reward.

Thunberg – Enjoyed their reward trip to Nando's. In Science they have been matching facts to planets.

Williams – Have been learning about human blood in Science and what it is made of. To reinforce their learning, they made their own fake blood using food dye, marshmallows and red Cheerios.

Grandin – Have been creating stories using elements of AI. In Maths they completed an escape room task.

Davis – Have been experimenting using Newton meters in Science, they measured items in the classroom. In Maths they have been looking at pictograms.

Turing – Have thought about their future goals and what steps they need to take to achieve these in PSHRE.

Eilish – Have been learning about different levels of qualifications and the different routes students can take- academic, vocational or work-based training. This is in preparation for choosing their GCSE options.

Lawson – Have been learning about collinear points, vectors and probability in Maths. In Science, they have been learning about radiation.

Beadle – Built a fire in Forest School and discussed practical strategies for maintaining safety. In PLG, they watched *The Boy, the Mole, the Fox and the Horse* and explored the characters' feelings.

Banneker – Have explored the themes of *Macbeth* with the help of props.

Sixth Form – Successfully submitted Tutor Marked Assessments for their OU courses. They also conducted experiments into protein denaturation and observed live meteorological conditions across the world using online measuring tools.
